	Page		Map No.		Map No.
PREFACE		LIST OF MAPS		Relative Humidity	
INTRODUCTION	1	Political		JANUARY:	
General	1	The Boundaries of States and the Locations of		Average Daily Relative Humidity near Sunrise	69
The Basic Observations	1	Upper Air Observing Stations	1	Average Daily Relative Humidity near Midday	70
The Climatic Charts	2	Total Radiation		APRIL:	
(Political)	2	The Mean Annual Total Radiation	2	Average Daily Relative Humidity near Sunrise	71
Solar Radiation	2	The Average Daily Value of the Total Radiation		Average Daily Relative Humidity near Midday	72
Hours of Bright Sunshine	3	Received during each Month of the Year	3-14	JULY:	
Mean Annual and Mean Monthly Rainfall	3	Bright Sunshine		Average Daily Relative Humidity near Sunrise	73
Mean Annual and Mean Monthly Number of		The Mean Annual Number of Hours per Day of		Average Daily Relative Humidity near Midday	74
Days with Rain	3	Bright Sunshine	15	OCTOBER:	
The First Month of the Year and the Number of		The Average Daily Number of Hours of Bright		Average Daily Relative Humidity near Sunrise	75
Subsequent Consecutive Months having more		Sunshine during Each Month of the Year	16-27	Average Daily Relative Humidity near Midday	76
than Specified Amounts of Mean Rainfall	3	Rainfall		Pressure and Wind	
Screen Temperature	4	The Mean Annual Rainfall	28	JANUARY:	
Relative Humidity	4	The Mean Rainfall of each Month of the Year	29-40	Mean Sea Level Isobars and Surface Winds	77
Mean Sea Level Isobars and Surface Winds	4	The Mean Annual Number of Days with Rain of		The Average Contours and Wind Frequencies at	
Upper Level Contours and Wind Frequencies	4	Amount 1 mm or more	41	the Pressure Surfaces: 850, 700, 500, 300, 200 mbs	78-82
Upper Temperatures and Dew Points	5	The Mean Number of Days with Rain of Amount		APRIL:	
The Analytical Technique in the Tropics	5	1 mm or more during each Month of the Year	42-53	Mean Sea Level Isobars and Surface Winds	83
The Primary Tropical Synoptic Features	6	The First Month of the Year and the Number of		The Average Contours and Wind Frequencies at	
Convergence and Divergence	6	Subsequent Consecutive Months during each of		the Pressure Surfaces: 850, 700, 500, 300, 200 mbs	84-88
The Nature of Zonal Currents in the Lower and		which the Mean Rainfall is 50, 75 and 100 mms	54-56	JULY:	
Middle Troposphere	7	Screen Temperature		Mean Sea Level Isobars and Surface Winds	89
The Equatorial Duct	7	JANUARY:		The Average Contours and Wind Frequencies at	
The Equatorial Bridge	8	The Average Daily Maximum	57	the Pressure Surfaces: 850, 700, 500, 300, 200 mbs	90-94
The Equatorial Drift	8	The Average Daily Minimum	58	OCTOBER:	
Troughs in the Upper Westerlies of Higher Latitudes	8	The Average Daily Range	59	Mean Sea Level Isobars and Surface Winds	95
Easterly Waves	9	APRIL:		The Average Contours and Wind Frequencies at	
Tropical Cyclones	9	The Average Daily Maximum	60	the Pressure Surfaces: 850, 700, 500, 300, 200 mbs	96-100
The Equatorial Trough	9	The Average Daily Minimum	61	Upper Temperature	
The Inter-tropical Front	9	The Average Daily Range	62	JANUARY:	
The Mean Synoptic Situation in January	10	JULY:		Average Daily Temperatures at the Pressure Sur-	
The Mean Synoptic Situation in April	11	The Average Daily Maximum	63	faces: 850, 700, 500, 300, 200 mbs	101-105
The Mean Synoptic Situation in July	12	The Average Daily Minimum	64	APRIL:	
The Mean Synoptic Situation in October	14	The Average Daily Range	65	Average Daily Temperatures at the Pressure Sur-	
REFERENCES	14	OCTOBER:		faces: 850, 700, 500, 300, 200 mbs	106-110
SOURCES OF DATA		The Average Daily Maximum	66	JULY:	
Solar Radiation	15	The Average Daily Minimum	67	Average Daily Temperatures at the Pressure Sur-	
Hours of Sunshine	15	The Average Daily Range	68	faces: 850, 700, 500 mbs	111-115
Surface Wind Frequencies over the Sea	15			OCTOBER:	
Contour Heights, Upper Temperatures and Dew Points				Average Daily Temperatures at the Pressure Sur-	
Upper Winds	15			faces: 850, 700, 500 mbs	116-120
				JANUARY:	
				Average Daily Dew Points at the Pressure Sur-	
				faces: 850, 700, 500 mbs	121-132
				APRIL:	
				Average Daily Dew Points at the Pressure Sur-	
				faces: 850, 700, 500 mbs	124-126
				JULY:	
				Average Daily Dew Points at the Pressure Sur-	
				faces: 850, 700, 500 mbs	127-129
				OCTOBER:	
				Average Daily Dew Points at the Pressure Sur-	
				faces: 850, 700, 500 mbs	130-132
