

**TANZANIA IN MAPS**

edited by  
L. Berry PH.D  
formerly Professor of Geography  
University of Dar es Salaam  
Tanzania

**UNIVERSITY OF LONDON PRESS LTD**

## CONTENTS

- Introduction *Len Berry* 9
- 1 Tanzania in Africa *Bob Simko* 10
- 2 Tanzania and her neighbours *Len Berry* 12
- 3 Administrative areas, 1967 *Ian Thomas* 14
- 4 Political geography *Lionel Cliffe* 16
- 5 Population, 1967 *Ian Thomas* 18
- 6 Population change, 1957-67 *Ian Thomas* 20
- 7 Relief and physical features 1 *Len Berry* 24
- 8 Relief and physical features 2 *Len Berry* 26
- 9 Soils *John E Moore* 28
- 10 Vegetation associations—*John E Moore* 30
- 11 Hydrology of major rivers *Len Berry* 32
- 12 Atmospheric pressure and winds *Ian Jackson* 34
- 13 Rainfall *Ian Jackson* 36
- 14 Evaporation *Ian Jackson* 40
- 15 Other climatic elements *Ian Jackson* 40
- 16 Geology *Paul Temple* 42
- 17 Faults *Paul Temple* 44
- 18 Gross domestic product in 1967 *Sören Jensen* 46
- 19 Types of rural economy *Gloria Young-Sing* 48
- 20 Sisal *Adolfo Mascarenhas* 52
- 21 Coffee, tea, sugar *Eileen Berry* 54
- 22 Cotton *Tom Hankins* 56
- 23 Maize, wheat and other grains *Salim Hameer* and *John McKay* 58
- 24 Tobacco, cashew, pyrethrum *Eileen Berry* 60
- 25 Cattle *John E Moore* 62
- 26 Animal diseases *John E Moore* 64
- 27 Fisheries *Ian Jackson* 66
- 28 Forestry *John E Moore* 68
- 29 Forest products *John E Moore* 70
- 30 Co-operative marketing *Arne Larson* 72
- 31 Utilization of water resources *Len Berry* 74
- 32 Density of road network *John McKay* and *Salim Hameer* 76
- 33 Railways *John McKay* 78
- 34 Shipping trade *Roger Aldridge* 80
- 35 Air transport *Adolfo Mascarenhas* 82
- 36 Industrial production 1 *John White* 84
- 37 Industrial production 2 *John White* 86
- 38 Mineral occurrences *Paul Temple* 88
- 39 Mining *Paul Temple* 90
- 40 Tourist industry *John McKay* 94
- 41 Energy supplies *John E Moore* 96
- 42 Archaeology *John Sutton* 99
- 43 Patterns of ports and trade-routes in different periods  
*Bashir Dato* and *Abdul M H Sheriff* 102
- 44 The German administration *Adolfo Mascarenhas* 106
- 45 Evolution of the administrative framework, 1919-61  
*Ian Thomas* 108
- 46 Languages and peopling *John Sutton* 110
- 47 Tribes *Ian Thomas* 112
- 48 Population density, 1967 *Ian Thomas* 114
- 49 Population characteristics *Ian Thomas* 116
- 50 Health services and the incidence of disease 1  
*Hilary Page* 118
- 51 Health services and the incidence of disease 2  
*Hilary Page* 120
- 52 Education *Joan Battersby* 122
- 53 Traditional rural settlement 1 *John E Moore* 124
- 54 Traditional rural settlement 2 *John E Moore* 126
- 55 New rural settlement *John McKay* 128
- 56 Urban centres *Adolfo Mascarenhas* 130
- 57 The growth and function of Dar es Salaam  
*Adolfo Mascarenhas* 134
- 58 Land use in Dar es Salaam *Adolfo Mascarenhas* 136
- 59 The port of Dar es Salaam *Adolfo Mascarenhas* 138
- 60 Mtwara and Tanga *Adolfo Mascarenhas* 140
- 61 External trade *Adolfo Mascarenhas* 142
- Conclusion *Len Berry* 144
- General bibliography 146
- Select bibliography and sources by chapters 147
- Appendix I Population data 153
- Appendix II Maps and air photographs of Tanzania  
*Josephine Kaduma* 154
- Tables 157

## LIST OF TABLES

- |    |  |     |    |  |     |
|----|--|-----|----|--|-----|
| 1  | Administrative structure, 1967   | 157 | 27 | Softwood projects  | 164 |
| 2  | Size of administrative units, 1967   | 157 | 28 | Timber production by circles   | 164 |
| 3  | Areas, population and population density of selected countries of Africa                         | 158 | 29 | Log production, 1966   | 165 |
| 4  | Area, population and population density by Regions, 1967   | 158 | 30 | Exports of major forest produce                                      | 165 |
| 5  | Population, 1967   | 158 | 31 | Log removals, 1966   | 165 |
| 6  | Percentage of urban population for selected countries of Africa                                  | 158 | 32 | Exports of minor forest products, 1966                               | 165 |
| 7  | Racial composition of the population of Tanganyika (1957) and Zanzibar (1958)                    | 159 | 33 | Growth of tonnage, ton/miles and average length of haul, 1963-67     | 165 |
| 8  | Population recorded in censuses 1913-67  | 159 | 34 | The balance of trade between Europe and the Far East and Tanzania    | 165 |
| 9  | Birth and death rates, natural increase and expectation of life for selected countries of Africa | 159 | 35 | Main origins of major shipped imports in 1968                        | 166 |
| 10 | Absolute increment and percentage change in population, 1957-67, for selected Districts          | 159 | 36 | Main destinations of major shipped exports in 1968                   | 166 |
| 11 | Run-off data for selected rivers   | 159 | 37 | East African ports: total tonnage handled                            | 166 |
| 12 | Evaporation rates and rainfall at various stations   | 160 | 38 | Categories of industrial establishments and industrial workers, 1967 | 167 |
| 13 | Dew point temperatures and relative humidities   | 160 | 39 | Production of selected industries, 1963 and 1967                     | 167 |
| 14 | Gross Domestic Product at current factor cost  | 160 | 40 | Mainland Tanzania: imports 1962 and 1967 by items                    | 167 |
| 15 | Marketed production of major agricultural crops, 1962-67   | 161 | 41 | Gross mineral sales, 1966-68   | 167 |
| 16 | Gross Domestic Product, 1967, by Districts   | 161 | 42 | Fuel sales (revenues), 1967  | 167 |
| 17 | Production and export of coffee, tea and sugar, 1962-67  | 162 | 43 | Petroleum product sales, 1967  | 167 |
| 18 | Production and export of tobacco, cashew, pyrethrum, 1962-67                                     | 162 | 44 | Coal reserves  | 168 |
| 19 | Estimates of grain crops marketed, by Region, 1967   | 162 | 45 | Key to tribal reference on Map 47                                    | 168 |
| 20 | Livestock population, 1965   | 163 | 46 | Estimated value of produce, 1903 and 1911                            | 168 |
| 21 | National ranches in Tanzania, 1965   | 163 | 47 | Results of administrative reorganization                             | 168 |
| 22 | Net output of private agriculture at current prices  | 163 | 48 | Main tribes of Tanganyika, 1957                                      | 168 |
| 23 | Cattle sales, 1961 and 1967 (Primary markets only)   | 163 | 49 | Main tribes of Uganda (1959) and Kenya (1962)                        | 168 |
| 24 | Exports of hides and skins, 1966 and 1967  | 163 | 50 | Tanzania: Population and area by landform category                   | 169 |
| 25 | Annual production of fish  | 163 | 51 | Age and sex composition of the population of Tanzania, 1967          | 169 |
| 26 | Types of forest reserve  | 164 | 52 | Sex ratios of selected countries of Africa                           | 169 |
|    |  |     | 53 | Selected sex ratios in Tanzania, 1967                                | 170 |
|    |  |     | 54 | Growth of townships, 1948-67   | 170 |
|    |  |     | 55 | Percentage of people living in townships                             | 170 |
|    |  |     | 56 | Major existing land use in Dar es Salaam                             | 170 |
|    |  |     | 57 | Mtwara: Imports and exports, 1967                                    | 170 |
|    |  |     | 58 | Categories of services for service centres                           | 171 |
|    |  |     | 59 | Tanga: imports and exports, 1967                                     | 172 |
|    |  |     | 60 | Value and balance of trade   | 172 |
|    |  |     | 61 | Value of domestic exports  | 172 |

## CONTRIBUTORS

- ROGER ALDRIDGE *Lecturer in Education, University of Dar es Salaam*
- JOAN BATTERSBY *Formerly Lecturer in Education, University of Dar es Salaam*
- EILEEN BERRY and LEN BERRY *Professor of Geography, University of Dar es Salaam*
- LIONEL CLIFFE *Lecturer in Political Science, University of Dar es Salaam*
- BASHIR DATOO *Lecturer in Geography, University of Dar es Salaam*
- SALIM HAMEER *Formerly Assistant Research Fellow, Bureau of Resource Assessment and Land Use Planning, University of Dar es Salaam*
- TOM HANKINS *Research Fellow, Rural Research Project, University of Dar es Salaam*
- JOOP HEIJNEN *Research Fellow, Bureau of Resource Assessment and Land Use Planning, University of Dar es Salaam*
- ARNE LARSEN *Research Fellow, Interdisciplinary Rural Research Project, University of Dar es Salaam*
- IAN J JACKSON *Lecturer in Geography, University of Dar es Salaam*
- SÖREN JENSEN *Formerly of Planning Division, Ministry of Health and Housing, Dar es Salaam*
- ADOLFO MASCARENHAS *Lecturer in Geography, University of Dar es Salaam*
- JOHN McKAY *Research Fellow, Bureau of Resource Assessment and Land Use Planning, University of Dar es Salaam*
- JOHN E MOORE *Lecturer in Geography, University of Dar es Salaam*
- JOSEPHINE KADUMA *Tutorial Assistant, Department of Geography, University of Dar es Salaam*
- HILARY PAGE *Research Student, Princeton University, formerly of University of Dar es Salaam*
- ABDUL M H SHERIFF *Assistant Lecturer in History, University of Dar es Salaam*
- BOB SIMKO *Associate Professor in Geography, Middlebury College, Vermont. Formerly Lecturer in Geography, University of Dar es Salaam*
- JOHN SUTTON *Lecturer in History (Archaeology), University of Dar es Salaam*
- PAUL TEMPLE *Reader in Geography, University of Dar es Salaam*
- IAN THOMAS *formerly Lecturer in Geography, University of Dar es Salaam*
- JOHN WHITE *Senior Education Officer, Ministry of Education, Tanzania*
- GLORIA YOUNG-SING *Formerly Lecturer in Geography, University of Dar es Salaam*

## ACKNOWLEDGEMENTS

The four maps showing atmospheric pressure and winds on p. 35 have been taken from *The Climate of Africa* by B W Thompson published by Oxford University Press, East Africa.

Maps were drawn by Mr M M Mwanjoka, Mr M K Ulaya and Mr F A Msuya, Cartographers in the Department of Geography, University of Dar es Salaam.
