Editorial notes
Glossary
Introduction

# Background maps

The administrative division of the People's Republic of China	
Relief	2-3
Drainage system	4
Precipitation	1
Land use	6-
Transportation	1
Administrative units at county level and above by province, autonomous region, and municipality, as at 30 June 1982	
Location of cities and counties as at 1 July 1982 Administrative units at county level and above by province, autonomous region, and municipality, as at 30 June 1982 (continued)	10-1 1
Gross value of industrial and agricultural output per capita, 1982	1
Gross value of industrial output per capita, 1982	1
Gross value of agricultural output per capita, 1982	1

# Population distribution

Population density	16
Composition and proportion of the population of cities and	
towns	17
Population distribution	18-19
Population density of the Beijing-Tianjin-Tangshan	
region	20

v	Proportion of the population aged 65 and above	54-5
vi	Dependency ratio of the young population	56
vi	Dependency ratio of the elderly population	57
ix	Total dependency ratio	58-9
xii		
xiii		

# Population change

	Population growth, 1964–1982	60
	Average annual growth rate, 1964–1982	61
1	Birth rate, 1981	62-3
2-3	Infant mortality rate, 1981	64
4	Death rate, 1981	65
5	Natural growth rate, 1981	66-7
6-7	Age-specific death rates and average life expectancy at	
8	birth, 1981	68
Ũ	Population distribution and density in the Western Han	
	dynasty	69a
9	Population distribution and density in the Western Jin	
0-11	dynasty	69b
• •	Population distribution and density in the Sui dynasty	70a
	Population distribution and density in the Tang dynasty	70b
12	Population distribution and density in the Yuan dynasty	71a
**	Population distribution in the Ming dynasty	71b
13	Population distribution and density in the Qing dynasty	72a
14	Population distribution and density under the Republic	
15	of China	73
-0		

### **Educational level**

16		
10	Distribution of the graduate population	74-5
17	Number of graduates per 10 000 population	76
18-19	Sex and age structure of the graduate population	77
	Number of undergraduates per 10 000 population	78
20	Number of persons with senior middle school education per	
21	10 000 population	79
22	Number of persons with junior middle school education per	
23	10 000 population	80
24	Number of persons with primary school education per 10 000 population	01
	Proportion of the population with primary school education	81
25	and above	<b>60 0</b>
	Educational level of the population aged 6 and above	82-3
	Population growth by educational level, 1964–1982	84 85
	Proportion of the illiterate and semi-literate	86-7
	Proportion of the illiterate and semi-literate by sex and age	88
26-7		00
28		
29	<b>T 1</b> .	
30	Employment	
31	Employed population by industry	89
	Proportion of the employed population	90-1
32	Sex and age structure of the population seeking	
	employment in cities or towns	92
33	Composition and proportion of the non-employed	
	population	93
34	Composition of the population in farming, forestry, animal	
	husbandry, and fishing; industry; and other industrial	
35	categories	94-5
	Proportion of the population in farming, forestry, animal	
36	husbandry, and fishing to the total employed population	96
	Proportion of the industrial population to the total	~
37	employed population	97
••	Employed urban population by industry	98-9
38	Age structure of the population by industry	100
••	Education of the population by industry	101
39	Composition of the urban industrial population	102-3
	Composition and proportion of the population in farming, forestry, animal husbandry, and fishing	104
	Composition and proportion of the population in mining	104
	and lumbering	105
40	Composition and proportion of the population in the	105
40 41	production and supply of electricity, gas, and piped	
42-3	water	106
42-5 44	Composition and proportion of the population in	200
44	manufacturing	107
46-7	Composition and proportion of the population in geological	
48	prospecting and surveying	108
49	Composition and proportion of the population in	
50-1	construction	109
52	Composition and proportion of the population in transport,	
53	post, and communications	110
	1 .	

Population density of the Chiangjiang Delta Population density of the Zhujiang Delta Population density of the Sichuan Basin Population density of the Jianghan Plain Population density of the middle and lower Liaohe River Plain
