LIST OF CHART TITLES RECORDED IN COPIES OF
THE FOURTH BOOK

Note—The column headed 'first date' indicates the first edition in which the chart was found. Since not all editions were checked the chart may be found in an earlier edition. For example: editions of 1706 and 1721 were checked, and a map listed here as 1721 may be found in any edition published between 1706 and 1721. The editions from which the list of maps was examined are marked * on Table One.

The column headed 'last date' indicates the last edition in which the chart was found. This date is subject to the same reservation as the 'first date'.
