CHARTS

NOTES TO THE LIST OF CHARTS

- * The Seller and Price imprint was deleted in 1716.
 ** The imprint was deleted in 1739.
 + Many of the charts in this list were used in other publications. These are identified as follows:
- EPA *English Pilot - Africa*
 - EPO *English Pilot - Oriental*
 - EPS *English Pilot - Southern*
 - EPW *English Pilot - West India*
 - AM *Atlas Maritimus* (Seller, Thornton)
 - AMN *Atlas Maritimus Novus* (Mount & Page)
1. The original map had a John Thornton imprint and was used in EPO 1703 and AM. This was changed to Samuel and used in EPO 1711, 1716, 1723 and EPA 1716, 1720. The imprint was then deleted and used with EPO 1734-1743; EPS 1738-1747; EPA 1739-1744.
 2. The original John Thornton imprint was used in EPO 1703 and AM. In 1711 this was altered to Samuel and used in EPO 1711-1723 and EPA 1716-1720. The imprint was deleted and the plate used for EPO 1734-1761.
 3. This chart probably belonged in EPA 1701 but is not in the copy reproduced. It is found in EPA 1716-1720 and EPS 1724. The imprint was deleted and used in EPS 1738-1764.
 4. In EPA 1720 the map has the original John Thornton imprint but in EPA 1716 it has the Samuel Thornton imprint. This indicates either the use of remainder stock or a modern bookseller's sophistication.
 5. This chart probably does not belong with EPA.
 6. This is one of the charts made by Charles Price in 1729-1730. The first state has not been found nor is it among those in the proof-set in the British Museum.

Title	Maker	Engraver	Date In	Date Out	Other Uses ⁺
