

# The NASA Atlas of the Solar System

**Ronald Greeley**  
Arizona State University

**Raymond Batson**  
formerly United States Geological Survey, Flagstaff

# Table of Contents

<b>Preface</b>	<b>13</b>	Venus Geologic and Reference Maps	
<b>Introduction</b>	<b>14</b>	Northern Hemisphere .....	64
Planetary versus Terrestrial Maps .....	15	Venus Shaded Relief Maps	
Image Processing .....	17	Indexes .....	65
Photomosaics .....	17	Ishtar Terra .....	66
Digital Maps .....	17	Lada Terra .....	67
Airbrush Maps .....	17	Alpha Regio .....	68
Topographic Maps .....	18	Aphrodite Terra .....	70
Mapping Small Satellites and Asteroids .....	19	Venus Synthetic Aperture Radar Mosaics	
Names on Planets and Satellites .....	20	Ishtar Terra .....	72
The Solar System Atlas: A Preview .....	22	Lada Terra .....	73
Map Content .....	22	Alpha Regio .....	74
Geologic Maps .....	23	Aphrodite Terra .....	76
Projections and Scales .....	24	<b>Earth-Moon System</b>	<b>78</b>
Gazetteer .....	24	Earth .....	79
Glossary .....	24	Geology of the Earth .....	81
<b>Solar System</b>	<b>26</b>	Geologic History of the Earth .....	84
The Sun .....	30	Earth's Moon .....	88
The Terrestrial Planets .....	30	Geology of the Moon .....	91
The Jovian Planets .....	32	Geologic History of the Moon .....	93
Small Bodies and Pluto .....	33	Earth Geologic and Reference Maps	
Planetary Processes .....	35	Western Hemisphere .....	96
Geologic Time .....	36	Eastern Hemisphere .....	97
<b>Mercury</b>	<b>38</b>	Earth Shaded Relief Maps	
Geology .....	40	Indexes .....	98
Geologic History .....	42	Arctic Region .....	99
Mercury Geologic and Reference Maps		Asian Hemisphere .....	100
100° Hemisphere .....	44	American Hemisphere .....	102
Mercury Shaded Relief Maps		Antarctic Region .....	104
Index .....	45	Moon Geologic and Reference Maps	
Shakespeare Region .....	46	Near Side Hemisphere .....	105
Renoir Region .....	48	Far Side Hemisphere .....	106
Beethoven Region .....	50	Moon Shaded Relief Maps	
<b>Venus</b>	<b>52</b>	Indexes .....	107
Geology .....	54	Mare Frigoris Region .....	108
Geologic History .....	60	Schrödinger Region .....	109
		Oceanus Procellarum Region .....	110
		Mare Moscoviense Region .....	112

After a journey of more than 12 years through the Solar System, *Voyager 1* pointed its camera system back toward the Sun and took a series of pictures forming this first-ever portrait of the Solar System seen from the outside; 60 individual images were used to compile this composite mosaic (JPL photograph P-36087).

## Mars System 114

Mars .....	119
Geology .....	120
Geologic History .....	123
Satellites .....	125
Mars Geologic and Reference Maps	
Key .....	127
Eastern Hemisphere .....	128
Western Hemisphere .....	129
Mars Shaded Relief Maps	
Indexes .....	130
Tempe Terra .....	132
Arcadia Planitia Region .....	134
Utopia Planitia Region .....	136
Valles Marineris Region .....	138
Olympus Mons Region .....	140
Hesperia Planum Region .....	142
Schiaparelli Region .....	144
Argyre Planitia Region .....	146

Terra Sirenum .....	148
Hellas Planitia Region .....	150
Mars Color Photomosaics	
Hellas Planitia Region .....	152
Valles Marineris Region .....	154
Schiaparelli Region .....	156
Elysium Planitia Region .....	158
Planum Boreum .....	160
Planum Australe .....	161
Phobos Shaded Relief Maps .....	162
Phobos Photomosaic .....	163

## Jupiter System 164

Jupiter .....	165
Rings .....	170
Comet Shoemaker-Levy 9 Impact .....	171
Small Satellites .....	172
The Galilean Satellites .....	173
Io .....	176
Europa .....	179
Ganymede .....	181
Callisto .....	185
Jupiter System Geologic and Reference Maps	
Io Sub-Jovian Hemisphere .....	188
Io Anti-Jovian Hemisphere .....	188
Europa Sub-Jovian Hemisphere .....	189
Europa Anti-Jovian Hemisphere .....	189
Ganymede Sub-Jovian Hemisphere .....	190
Ganymede Anti-Jovian Hemisphere .....	191
Callisto Sub-Jovian Hemisphere .....	192
Callisto Anti-Jovian Hemisphere .....	193
Jupiter System Shaded Relief and Color Photomosaic Maps	
Io Shaded Relief Maps	
Indexes .....	194
Chalybes Regio .....	195
Media Regio .....	196
Colchis Regio .....	198
Tarsus Regio .....	200

Io Color Photomosaics			
Chalybes Regio .....	201		
Media Regio .....	202		
Colchis Regio.....	204		
Tarsus Regio .....	206		
Europa Color Photomosaic .....	207		
Europa Shaded Relief Map.....	208		
Ganymede Shaded Relief Maps			
Indexes.....	210		
Perrine Regio.....	212		
Galileo Regio.....	214		
Marius Regio .....	216		
Nicholson Regio .....	218		
Osiris Regio.....	220		
Sippar Sulcus Region .....	222		
Callisto Shaded Relief Maps			
Indexes.....	224		
Valhalla Region.....	226		
Ásgard Region .....	228		
Gloi Region .....	230		
Adlinda Region.....	232		
Ilma Regio.....	234		
Bran Region.....	236		
<b>Saturn System</b>	<b>238</b>	<b>Uranus System</b>	<b>274</b>
Saturn.....	240	Uranus.....	277
The Ring System .....	242	Rings .....	278
Satellites .....	246	Satellites .....	279
Intermediate-Size Satellites .....	247	Miranda .....	280
Mimas and Enceladus.....	247	Ariel .....	281
Tethys and Dione .....	248	Umbriel.....	281
Rhea and Iapetus.....	249	Titania .....	281
Small Satellites.....	251	Oberon.....	281
Titan.....	253	Geologic Processes .....	281
Saturn System Geologic and Reference Maps		Uranus System Geologic and Reference Maps	
Enceladus Sub-Saturnian Hemisphere .....	254	Miranda Southern Hemisphere.....	284
Enceladus Anti-Saturnian Hemisphere .....	254	Ariel Southern Hemisphere.....	284
Tethys Sub-Saturnian Hemisphere.....	254	Umbriel Southern Hemisphere.....	284
Tethys Anti-Saturnian Hemisphere .....	254	Titania Southern Hemisphere.....	285
		Dione Sub-Saturnian Hemisphere .....	255
		Dione Anti-Saturnian Hemisphere.....	255
		Rhea Sub-Saturnian Hemisphere.....	255
		Rhea Anti-Saturnian Hemisphere.....	255
		Saturn System Shaded Relief Maps	
		Mimas	
		Herschel Region.....	256
		Arthur Region.....	258
		Gwynevere Region .....	260
		Enceladus	
		Aladdin Region .....	262
		Sarandib Planitia Region .....	264
		Diyar Planitia Region.....	266
		Tethys	
		Ithaca Chasma Region .....	268
		Penelope Region.....	268
		Odysseus Region .....	269
		Dione	
		Aeneus Region .....	270
		Catillus Region .....	270
		Sabinus Region.....	271
		Rhea .....	272
		Iapetus .....	273

Oberon Southern Hemisphere .....	285	<b>Gazetteer</b>	<b>327</b>
Uranus System Shaded Relief Maps		Mercury .....	327
Miranda .....	286	Venus .....	329
Ariel .....	288	Earth .....	335
Umbriel .....	289	Moon .....	337
Titania .....	289	Mars .....	351
Oberon .....	289	Phobos .....	360
<b>Neptune System</b>	<b>290</b>	Deimos .....	360
Neptune .....	293	Ida .....	360
Rings .....	295	Dactyl .....	360
Satellites .....	298	Gaspra .....	360
Triton .....	299	Amalthea .....	360
Triton Geologic and Reference Maps .....	303	Io .....	360
Triton Shaded Relief Map .....	304	Europa .....	361
Triton Color Photomosaic .....	306	Ganymede .....	361
<b>Pluto, Asteroids, and Comets</b>	<b>308</b>	Callisto .....	362
Pluto .....	309	Epimetheus .....	363
Asteroids .....	310	Janus .....	363
Comets .....	313	Mimas .....	363
<b>Glossary</b>	<b>316</b>	Enceladus .....	364
<b>Appendixes</b>	<b>320</b>	Tethys .....	364
A. Summary of Planetary Spacecraft Missions .....	320	Dione .....	364
B. Data for Planets and Satellites .....	322	Rhea .....	364
C. Metric and English Units of Measure .....	324	Hyperion .....	365
D. Additional Reading .....	325	Iapetus .....	365
E. Sources for Planetary Images .....	326	Puck .....	365
		Ariel .....	365
		Titania .....	365
		Oberon .....	366
		Proteus .....	366
		Triton .....	366
		<b>Index</b>	<b>367</b>
