

AN ATLAS OF ROMAN
RURAL SETTLEMENT
IN ENGLAND

Jeremy Taylor

CBA Research Report 151
Council for British Archaeology
2007

CONTENTS

List of figures	viii
List of tables	x
Acknowledgements	xi
Abbreviations	xii
Summary	xiii
Chapter 1 Introduction	1
Characterising rural settlement in later prehistory and the Roman period: a potted history	1
Chapter 2 Background and aims of the project	5
Background to the project	5
Past and present understandings of the archaeological resource: some lines of enquiry	7
Settlement dispersion, nucleation and urbanism	7
Settlement patterns: continuity and change	8
Status, architecture, and the spatial organisation of rural settlement	8
Landscapes of production	9
Cosmology, ritual, and belief	9
Military and civilian communities	10
An emerging methodology?	10
Chapter 3 Sources and methods	11
Source critique	11
The survey methodology and some limitations	18
Recording criteria	18
The Primary Record Number	18
Grid references	18
Form	18
Type	19
Size	21
Period	21
Some limitations	21

Chapter 4	Settlement pattern and settlement form.	23
	National overview	23
	Patterns of settlement layout (morphology).	23
	Settlement patterns by size – nucleated and dispersed settlements.	27
	Settlement regionality by size and layout.	29
	Additional settlement characteristics	31
	Settlement architecture.	31
	Burial and ceremonial activity.	34
	Rural crafts and industries.	36
	Regional characteristics.	39
	The North East.	40
	Settlement evidence by type and period	42
	Regional patterning in size and morphology.	42
	The North West	42
	Settlement evidence by type and period	43
	Regional patterning in size and morphology.	43
	Yorkshire	43
	Settlement evidence by type and period	44
	Regional patterning in size and morphology.	44
	The East Midlands	45
	Settlement evidence by type and period	46
	Regional patterning in size and morphology.	47
	The West Midlands	47
	Settlement evidence by type and period	48
	Regional patterning in size and morphology.	48
	East Anglia	49
	Settlement evidence by type and period	49
	Regional patterning in size and morphology.	50
	The South East.	50
	Settlement evidence by type and period	51
	Regional patterning in size and morphology.	52
	The South West.	53
	Settlement evidence by type and period	53
	Regional patterning in size and morphology.	53
Chapter 5	Settlement and landscape	55
	Introduction	55
	Regional overviews.	55
	The North East.	55
	The North West	57
	Yorkshire	59
	The West Midlands.	61
	The East Midlands	62
	East Anglia	65
	The South East.	66
	The South West.	69
	Discussion	71

Chapter 6	Settlement characterisation case studies	73
	Introduction	73
	Case studies 1: the aerial photographic surveys	73
	The Nottinghamshire/Lincolnshire survey	73
	The Salisbury Plain/Danebury Environs survey.	81
	The Solway Plain.	86
	Summary	88
	Case studies 2: fieldwalking surveys.	89
	Locational continuity and discontinuity	101
	Site size.	102
	Site function/status	104
	The aerial photographic and field survey case studies in a national context.	105
Chapter 7	Conclusions: some emerging trends in a sea of complexity.	109
	The architecture and role of settlement space.	109
	Trends in rural settlement: continuity and discontinuity, expansion and contraction.	110
	Settlement size: nucleation and dispersal	111
	Settlement status and architecture.	113
	Settlement and land use: field systems.	113
	Settlement and agriculture	115
	Rural industry	115
	Rural economic integration and the rise of towns.	117
	Bibliography.	119
	Index	130
