## Introduction 1

## Part 1 Social Innovation and Design

### 1 Innovation, toward a New Civilization 9

Social innovation 9  
Distributed and resilient systems 17  
Multiple sustainable qualities 22  
An emerging civilization? 25

### 2 Design in a Connected World 29

Conventions and design 29  
Problem solving and sense making 33  
Diffuse and expert design 37  
Design mode map 40  
Emerging design cultures 43  
Social innovation *in* design 47  
Design, a new description 53

### 3 Design for Social Innovation 55

What it is 55  
What it is not 63  
How it works 67  
A new design knowledge 71

## Part 2 Collaborative People

### 4 Collaborative Organizations 77

New social forms 77  
Collaborating by choice 83  
Enabling ecosystems 90

**5 Collaborative Encounters 93**

Dimensions of collaborative encounters 93

Mapping collaborative encounters 105

Collaborative encounters, in practice 110

**Part 3 Making Things Happen**

**6 Making Things Visible and Tangible 121**

Mapping and amplifying 121

Creating stories 125

Scenario building 129

**Visual Tools for Social Conversations (12 Visual Examples) 133**

Credits 147

**7 Making Things Possible and Probable 151**

Supportive environments 151

Networked governance 157

Places for experiments 161

**8 Making Things Effective and Meaningful 165**

Problem solving 165

Sense making 170

Trust building 173

**9 Making Things Replicable and Connected 177**

Small, local, open, connected 177

Replicating as scaling out 180

Connecting as scaling up 185

**10 Making Things Local and Open 189**

Place making 189

Places and resilience 191

Planning by projects 195

Cosmopolitan localism 202

**Design for a New Culture 203**
