

Building Additions in Steel

The Architecture
of Vertical Extensions

Daniel Stockhammer, Astrid Staufer,
Daniel Meyer (eds.)
ZHAW Zurich University of
Applied Sciences
Institute of Constructive Design

With contributions by Jürg Conzett
and Roger Diener, Lorenzo De Chiffre,
Yves Dreier, Patric Fischli-Boson,
Patric Furrer, Matteo Iannello,
François Renaud, Martin Tschanz

- 7 Acknowledgments
Oya Atalay Franck
- 9 Foreword
François Renaud
- 11 Vertical Extension as Concept and Construct:
From an Ideal of Completion to Reforming
Existing Structures
Daniel Stockhammer

COMPOUNDING OF EPOCHS

- 22 Geneva—for Centuries, an Experimental
Laboratory for Vertical Urban Development
Yves Dreier
- 38 New Construction Dressed in an Old Coat:
Philipp Jakob Manz’s “Lightning Architecture”
for the Salamander Shoe Factory in
Kornwestheim, 1927
Daniel Stockhammer

PROCESSES OF REPLACEMENT

- 52 Constructing Vertical Extensions—
Reassessing Italian Postwar Modernism
Matteo Iannello
- 64 Design through Constructive Thinking:
The Extension of the Faculty of Architecture
in Hannover by Friedrich Spengelin and
Horst Wunderlich (1961–1966)
Daniel Stockhammer

TECHNOLOGICAL EUPHORIA

- 82 The Psychology of the High-Flyer—
On the Vertical Extension of Vienna
since Deconstructivism
Lorenzo De Chiffre
- 94 Taming the Future in the Tube:
The Design for the Extension of the Kunst-
akademie Düsseldorf by Karl Wimmenauer,
Lyubo-Mir Szabo, and Ernst Kasper in 1968
Martin Tschanz

REDISCOVERY OF METAMORPHOSIS

- 112 *Forme forte* and the Picturesque Manner of
Vertical Extension at the Turn of the Millennium
Patric Furrer
- 122 History of Mining, Mining of History:
The Design for the Reconstruction of the
Zollverein Coal Mine, Shaft XII
Jürg Conzett and Roger Diener

HOW TO BUILD ON?

- 136 Ways towards Ambiguity and Multivalence
Astrid Stauffer
- 156 On the New Potentials of Steel Construction
Patric Fischli-Boson
