

Land Resource Atlas of West Bengal

**National Bureau of Soil Survey
and Land Use Planning**

(Indian Council of Agricultural Research)

Amravati Road, Nagpur-440033, India

Contents

A	Administration	1
	Location	3
	Administration	5
	Urban Centre	7
B	The People.	9
	Area and Population	11
	Population Density	13
	Population Growth	15
	Sex Ratio	17
	Rural-Urban Population	19
	SC-ST Population.	21
	Literacy	23
	Rural-Urban Literacy	25
	Workman Participation.	27
	Occupation	29
C	The Land.	31
	Physiography and Relief.	33
	Geology	35
	Forest	37
	Land use Pattern	39
D	Climate	41
	Temperature.	43
	Rainfall Pattern.	45
	Relative Humidity	47
	Water Balance	49
	Agro-Climatic Zone	51
E	Water Resources.	53
	Rivers and Catchments.	55
	Groundwater Resource	57
	Irrigation Status	59
	Major Irrigation Projects	61
F	Infrastructure.	63
	Road Network	65
	Postal Service	67
	Industry	69

G	Soil Resources	71
	Soils	73
	Soil Texture	75
	Soil Depth.	77
	Soil Drainage	79
	Surface Flooding	81
	Soil Reaction (pH)	83
	Soil Salinity	85
	Soil Fertility Status	87
	Soil Fertility Status (P)	89
	Soil Fertility Status (K).	91
	Land Capability	93
	Land Irrigability	95
	Soil Degradation	97
	Agro-ecological Zone	99
H	Agriculture	101
	Agricultural Development	103
	Horticultural Development.	105
	Sericulture	107
	Land Holding	109
	Cropped Area	111
	Fertiliser Consumption	113
	Cropping Pattern.	115
	Crop Production– Rice.	117
	Wheat	119
	Jute	121
	Potato	123
	Oilseed.	125
	Pulse	127
	Sugarcane	129
	Tea	131
	Crop Suitability	133
	Suggested Cropping Pattern	137
	Agriculture Education and Research	139
I	Animal Husbandry	141
	Livestock	143
	Milk and Egg Production	147
	Animal Husbandry Facility	149
J	Tourism	151
	Tourism	153
	National Park and Wild Life Sanctuary	157

Appendix

I.	District wise Name and Number of Sub-Divisions and Blocks in Each District . . .	159
II.	Descriptive Legends– Soil Resource Map of West Bengal (1:1 Million). . . .	161
III.	Descriptive legend– Soil Degradation of West Bengal	164
