

Barbara Früh, Bernhard Schlatter, Anne Isensee, Veronika Maurer and Helga Willer

Report on organic protein availability and demand in Europe

Table of contents

1.	Abbreviations and definitions	9
2.	Summary	11
2.1	About	11
2.2	Methods	11
2.3	Results	12
2.4	Conclusions	13
3.	Organic agriculture in Europe - current status with a focus on feed crops and livestock numbers	14
3.1	Introduction	14
3.2	Data sources	14
3.3	Current Situation of organic farming in Europe	14
3.4	Land use and feed crops grown in Europe	15
3.4.1	Land use	15
3.5	Main crops that are relevant for feed production	16
3.5.1	Area for cereals, dried pulses and oilseeds	16
3.5.2	Cereals	20
3.5.3	Oilseeds	20
3.5.4	Dried pulses	20
3.6	Livestock numbers	22
3.6.1	Cattle	23
3.6.2	Pigs	24
3.6.3	Poultry	24
3.7	Market	25
3.7.1	Market overview	25
3.7.2	The organic market for livestock products	26
3.8	Conclusions	27
4.	Legal Situation: EU regulation and protein feedstuffs	28
5.	Literature Review	29
5.1	History of conventional protein feed	29
5.2	The growing demand for organic protein feed	30
6.	Methods	32
6.1	The survey	32
6.2	Design of questionnaire	32
6.2.1	Feedstuff availability (crop area and production)	32
6.2.2	Livestock	33
6.2.3	Feeding practices	34
6.2.4	Questionnaire for Mills	35
6.3	Calculation of protein availability	36
6.4	Calculation of concentrate feed demand	38
6.4.1	Harmonisation of data provided	38
6.4.2	Calculation of concentrate feed, crude protein, and essential amino acid demand	39
6.5	Extrapolation to Europe	43

6.6	Data processing and storage - The FiBL database as a tool for calculating feedstuff availability and demand	46
6.6.1	Main table	46
6.6.2	Dimension and transformation tables	48
7.	Results	52
7.1	Protein availability and demand by ICOPP country	52
7.1.1	General note for the feeding practice tables in each country:	52
7.1.2	Austria	53
7.1.3	Denmark	60
7.1.4	Finland	66
7.1.5	France	72
7.1.6	Germany	77
7.1.7	Lithuania	83
7.1.8	Netherlands	89
7.1.9	Sweden	97
7.1.10	Switzerland	103
7.1.11	United Kingdom	109
8.	Protein availability and demand: Summary	116
8.1	Protein availability and demand in the ICOPP countries	116
8.1.1	Livestock numbers per country in a summarized presentation	116
8.1.2	Production and demand of concentrate feed, crude protein, and essential amino acids	119
8.1.3	Proportion of concentrate feed and crude protein demand by animal species	124
8.2	Protein availability and demand in Europe - including countries that are not in the ICOPP project	125
9.	Conclusions and outlook	128
10.	References	130
